

# No school

How cool is no school, school, school?

All the things that we could do, do, do...

Doesn't matter who is cool in my crew

What I'm wearing or my shoes

I can listen to my tunes all day.

How cool is no school.

(No school!)

Surely they won't give us any tests?

(How cool!)

One or two assignments at best

(No school!)

(No school! How cool!)

How good is staying home, home, home?

Spending all day on my phone, phone, phone

When I'm hungry I can eat

When I'm tired I can sleep

Game online or on my own!

How good is staying home?

(No school!)

Watching what I feel like on TV

(How cool!)

Stay up late there's so much

I can stream

(No school!)

(No school! How cool!)

It could be like Holidays, days, days.

When everyone's a little lazy, lazy, lazy.

Spending hours watching Bluey

Playing Barbies or my ponies

I could trampoline all day!

It could be like holidays

(No school!)

Baking in the kitchen me and mum

(How cool!)

Playing with my LEGO all day long

(No school!)

(No school! How cool!)

I could bake some sourdough, dough, dough.

Makes a great Instagram post, post, post

Try out different recipes, kombucha take up knitting

All the veggies I could grow!

But first I'll bake some sourdough.

(No school!)

No more packing lunches for me.

(How cool)

No more work where I don't wanna be

(No school!) (no school how cool!)

Well I guess that it's just me, me, me.

Eating tea that's only meat, meat, meat.

Watch some footy on the net

Do some meetings on webex

Watching die hard on repeat!

Not so bad that it's just me.

(No school!)

(How cool!)

(No school!)

(No school! How cool!)
