1. School profile

White Hills Primary School opened in Napier Street on the 1st July, 1877. One hundred and eight years later this new site in Plumridge Street was purchased and officially opened by the Minister of Education Mr Lindsay Thompson. Our schools is located adjacent the Bendigo Creek and has accessed to local walking and bike paths.

We have approximately 580 students enrolled from foundation to Grade 6 and 63 staff members including a Wellbeing coordinator, school nurse and Wellbeing officers.

White Hills Primary school is culturally diverse with a range of families having a language background other than English, with the largest group being Karen. Currently there are approximately 40 EAL students and 29 Koorie students. The school consist of 32 learning spaces, including 6 spaces in the new BER building. The school offers multiple specialist programs including; Health and Physical Education, Music, LOTE – Chinese, Art and Intervention groups.

Our school has two large covered playgrounds and two large covers placed over one basketball court and over the artificial turf area providing shade and wet weather cover. Continuing with our goal to improve our student's learning environment a large sport's shed was built to enable Physical Education classes to be held in all weather. The floor of this building has been covered with artificial turf.

Our school is committed to providing a safe, secure and stimulating learning environment for all students. Students can reach their full educational potential when they are challenged, healthy and safe, and when there is a positive school culture to engage and support them in their learning.

Our school strives to be a learning community where students and teachers can relate well to each other, and where different ideas and viewpoints are valued and respected.

3. Engagement strategies

White Hills Primary School has developed a range of strategies to promote engagement, positive behaviour and respectful relationships for all students in our school. We acknowledge that some students may need extra social, emotional or educational support at school. The teachers at this school work collectively to ensure that all students feel valued and cared for, have meaningful opportunities to contribute to the school and can effectively engage with their learning. This school recognises the need to be engaging and inclusive, recognising and responding to the diverse needs of our students, accommodating different learning profiles and rates of learning and intervening early to identify and respond to individual student needs.

The school works collaboratively with students and parents/carers to establish fair and respectful behaviour policies and practices, based on the school's values and school expectations. There are also intervention strategies in place to address undesirable school behaviour.

A summary of the universal (whole of school, targeted (year group specific) and individual engagement strategies used by our school is included below:

Universal:

White Hills Primary School will implement a whole-school behaviour management approach that is evidence driven and based on pro-social values, social competencies, incentives and positive peer relationships.

At White Hills Primary School we will:

- Prioritise positive relationships between staff and students, recognising the fundamental role this plays in building and sustaining student wellbeing
- Collaboratively develop and implement a fair and respectful whole-school behaviour management approach.
- create a culture that is inclusive, engaging and supportive
- Encourage and provide multiple opportunities for parents/carers and members of the broader community to play an active part in the life of the school and the education of their children.
- Provide a curriculum that includes pro-social values and behaviour to enable students to acquire knowledge and skills, value diversity and build a culture of learning, community and engagement.
- Promote active student participation and provide students with a sense of ownership of their environment.
- Support families to engage in their child's learning and build their capacity as active learners.
- Establish social/emotional and educational support for vulnerable students and monitor and evaluate progress.
- Have processes in place to identify and respond to individual students who require additional assistance and support.
- Build strong links with the local community to gain access to an extended network of community members, professionals and educators who can provide expertise and experience that can build the capacity of our school and our teachers to respond to the needs of the students.
- analyse and be responsive to a range of school data such as attendance, Attitudes to School Survey, parent survey data, student management data and school level assessment data

- Use a Maths and English instructional framework to ensure an explicit, common and shared model of instruction to ensure that evidenced-based, high yield teaching practices are incorporated into all lessons
- Adopt a broad range of teaching and assessment approaches to effectively respond to the diverse learning styles, strengths and needs of our students and follow the standards set by the Victorian Institute of Teaching
- Incorporate our School Values into our curriculum and promote to students, staff and parents so that they are shared and celebrated as the foundation of our school community
- carefully plan transition programs to support students moving into different stages of their schooling
- Acknowledge positive behaviour and student achievement in the classroom, and formally in school assemblies and communication to parents

We are proud to have an ‘open door’ policy where students and staff are partners in learning
- Engage in school wide positive behaviour support with our staff and students, which includes programs such as:
 - Resilience, Rights and Respectful Relationships
 - Mindfulness
 - National Day of Action Against Bullying
 - Multi-Age Day

School-Wide Positive Behaviour Support:

White Hills Primary School have adopted the School-Wide Positive Behaviour Support (SWPBS) as a whole-school framework. The framework provides staff with an approach to promote and improve behaviour at their school. SWPBS is an evidence and data driven framework. It demonstrates the most effective ways to prevent and respond to problem behaviour at school. Research has shown that SWPBS is successful in reducing problem behaviour, improving school culture, and increasing academic performance.

For more information on SWPBS see;

<https://www.education.vic.gov.au/school/teachers/management/improvement/Pages/swpbs.aspx>

SWPBS is:

- A broad range of systemic and individualised strategies for achieving important social and learning outcomes while preventing problem behaviour with all students
- The redesign of environments to achieve success
- The teaching of specific behaviour expectations, not reacting to problem behaviour

- About what we do differently to teach children about appropriate social and learning behaviour
- Designing a statement of purpose, Expectation Matrix that the whole school uses to teach students about appropriate behaviour

Attendance:

White Hills Primary School will promote and maintain high levels of student attendance and participation through:

- articulating high expectations to all members of the school community
- adopting consistent, rigorous procedures to monitor and record student absences
- following up student absences promptly and consistently
- implementing data-driven attendance improvement strategies
- creating safe, supportive learning environments where all students experience success through active participation and engagement in purposeful learning
- providing early identification of, and supportive intervention for, students at risk of non-attendance
- linking with local community groups and agencies to maximise program and individual support
- providing a staged response

Buddy Program:

The White Hills Primary School Buddy program is designed to provide support between junior and senior students. We believe that the program is an effective educational tool and can improve the relationships in the school. Students from grades 5 will be paired up with a prep student. Teachers meet to organise a time to meet on a weekly basis. The Buddy program empowers students to grow in confidence and responsibility. Activities are designed to enhance communication skills, relate positively with others and build on students' self-awareness and self-esteem.

Resilience, Rights and Respectful Relationships

The *Resilience, Rights and Respectful Relationships* curriculum teaches positive relationship skills to students in primary and secondary schools. Promoting social and emotional skills and positive gender norms directly impacts students' physical and mental health, student-teacher relationships and classroom behaviour. It also reduces antisocial behaviours including engagement in gender-related violence.

Energy Break Through Team:

The Energy Breakthrough provides opportunities for students, teacher, parents and local community members to work together. Interested students in Grades 5 and 6 have the opportunity to be selected as part of a team to participate in the Energy Breakthrough team. The school participates in races across the region throughout the year, including the 24 hour race in Maryborough.

Student Voice:

Student voice/student participation is about valuing people and valuing the learning that results when we engage the capacities and multiple voices in the school. It focuses on realising the leadership potential inherent within all learners. There are four dimensions to student participation:

1. student involvement in school and community development
2. students as researchers and co-enquirers
3. student feedback on teaching and learning
4. students as cross-age tutors

The school promotes active 'student participation' as an avenue for improving student outcomes and facilitating school change. Student participation ranges from young people sharing their opinions of problems and potential solutions in classroom forums and in focus groups associated with school strategic planning. It also includes our students sharing their 'voice' by collaborating with teachers to actually improve education outcomes, including helping to improve teaching, curriculum and teacher-student relationships and leading to changes in student assessment.

Transition Program:

At White Hills Primary School, we aim to provide a smooth and efficient transition from kindergarten to primary school and from Year 6 to secondary school. Our school appoint staff members to coordinate both our Foundation and Year 6 to Year 7 transition programs. Both coordinators communicate with both the Kindergarten and Secondary school to ensure all students successfully integrate into their new learning environment. Information evenings occur in May for new prep families, followed by an additional session in November. Children with additional needs are supported by extra transition days and meetings are organised to discuss programs and resource requirements. Transition visits will consist of familiarisation tours of the school, activities in classrooms and specialist lessons in November. For students transitioning into Secondary schools, White Hills Primary School provides an extensive program incorporating regular visits to the secondary school. Aligned with the state-wide procedure, all students participate in an Orientation Day in December for the following year's placement. Parents are informed about the school's programs, procedures, and are provided with an opportunity to ask questions and to have discussions regarding their child.

Reflection Time

All Level 3 behaviours warrant 25 minutes Reflection Time during the lunch break.
Repeated Level 2 behaviours (2 incidents) warrant Reflection Time.

At the beginning of lunchtime, the Reflection Time teacher checks the Sentral program for children who have incomplete incidents and collects the Reflection Time box. During Reflection Time the teacher discusses the students behaviour and refers to the Behaviour Expectation Matrix.

Student begins letter to parents outlining the incident and values not followed and a way to approach the situation differently.

In the event of swearing, students are required to write 'swearing' or 'severe swearing' (not the exact words).

Teacher completes the Notification of Reflection Time Appearance Form for each student.

In the event of swearing or severe swearing the teacher is required to tick the box on the 'Notification of Reflection Time' to inform parents.

Reflection teacher sends the completed notification of Reflection Time form and the original of the student's letter home. This is given to the child in an envelope explaining:

"This letter needs to be shown to Mum/Dad/Carer, signed and returned to your classroom teacher the next school day. If this doesn't happen then there will be a follow up phone call to your parents."

Photocopied form and a copy of the student's letter are placed in classroom teacher's pigeon hole by the Reflection teacher. Class teacher adds this to their folder (for future records) and marks off child's name on class list.

If a student commits three Level 3 behaviours within one term, a warning of After School Detention Notice will be issued to the child's parent via the Reflection Teacher. Four Level 3 behaviours within one term will result in an After School Detention and the student will be placed on a Behaviour Support Plan.

This is negotiated between the school and parent.

*A behaviour Management Plan overrides all Reflection Time processes.
